

Seismic Public Meeting Notice

To the Citizens and Landowners of Evangeline and Rapides Parishes, Louisiana:

CGG will be conducting seismic activity of a 9.57 mile 2D line running north/south, east of Glenmora, LA, between Hwy 165 and Hwy 167. The purpose of this survey is to provide a high-resolution image of the subsurface geological features that will allow the client to effectively evaluate the hydrocarbon reserves underlying the project area. The survey requires the deployment of motion sensing devices (geophones or receivers) which would be deployed at regular intervals (110 feet). The survey design would also incorporate an energy source, which would be placed at regular intervals of 220 feet.

The survey will begin on September 19, 2018 and last until November 19, 2018.

To provide the public with additional information regarding the seismic survey, CGG and LDWF will hold a public meeting at 6:00 pm on Monday, September 17, 2018. The meeting will be held at the Rapides Parish Library, J.W. McDonald Memorial Branch, 1075 Hwy 497, Glenmora, LA 71433.

For additional details pertaining to the seismic survey prior to the public meeting date contact John Gordon at 832-351-8610.

An outline of the seismic project showing the potential area to be affected is located at <http://www.wlf.louisiana.gov/fishing/seismic-exploration-activity-program> under the public meeting tab located at the top of the page.
